

Skill and Job Potential Development Sub-Committee –A Report

In the present times, skills are the biggest pre-requisite for job-seekers. This helps them to develop the core competencies which in turn make them more employable for the job market. The development of skills can contribute to structural transformation and economic growth by enhancing employability and labour productivity and helping countries to become more competitive. Acharya Brojendra Nath Seal College like the other years, in this academic session too, has undertaken ventures to equip students with Career Counseling training and lecture sessions, whereby interested job seeking students participated.

Such Career Counseling sessions under the able management of *Skill and Job Potential Development Sub-Committee* of the college, were arranged several times around the year, where Anudip Foundation for Social Welfare, RICE Academy, ICA Edu Skills etc. have collaborated in imparting trainings.

The photographs of training days supplemented by List of Placements obtained by students exhibits these instances more prominently.

An impression of the types of events held in this direction will further clear the scenario.

1) Seminar on 'Explore the Career Opportunities in Government Sector and unlock the potential in you' held on 23rd of August, 2022 where the Speaker Mr. Partha Saha, Senior Academic Consultant, RICE Education, Cooch Behar Centre delivered a talk which was attended by about 102 participants.

2) RICE Education, Cooch Behar Centre along with *Skill and Job Potential Development Sub-Committee* once again organized a seminar on 'Discover the career opportunities in Govt. sector and maximize your potential' on 10th March, 2023 where about 85 participants attended the programme.

3) One day seminar on 'Training and Livelihood opportunity' organized jointly by *Skill and Job Potential Development Sub-Committee in association with Anudip Foundation for Social Welfare* on the 14th of September, 2022 where about 130 interested students participated. Through this enterprise about 07 students got placed through campus placement.

4) Jointly organized by *Skill and Job Potential Development Sub-Committee and ICA Edu Skills, Cooch Behar* on 12th May, 2023, a seminar was held where on Student Employability where about 78 students participated.
