

Students Feedback Analysis Report

STUDENTS' FEEDBACK: 2022-2023

The Internal Quality Assurance Cell (IQAC)
ABN Seal College, Cooch Behar

Report of the Co-ordinator

1. Introduction.

The Internal Quality Assurance Cell (IQAC), ABN Seal College has taken online feedback from the students of undergraduate and post graduate courses for the session 2022 - 2023. The target group was the 2nd, 4th & 6th Semester B.A./ B.Sc. students and 2nd & 4th Semester M.A./M.Sc. students.

2. MECHANISM:

The feedbacks were taken using the platform of *Google Forms* in a complete online mode and the following procedure was followed.

2.1. The Head of the Departments were communicated by the IQAC by providing them the respective Google Form links, which were separate for each subject/batch and HoDs were requested to convey the links to the target groups.

2.2. Google forms were created using the dedicated e-mail id of IQAC (feedback.abnsc@gmail.com) for feedbacks. Separate forms were created for B.A./B.Sc. 2nd, 4th and 6th Semester Students separately for all departments. Separate forms were also created for M.A./M.Sc. 2nd & 4th Semester Students separately for all Post Graduate departments.

2.3. Forms were conveyed to the students through their respective departmental heads.

2.4. It was ensured that no student fills the form more than once. Most importantly, responses were collected in an anonymous manner so that the identity of the responding student is not disclosed.

2.5. After feedbacks were collected, it was analysed by the IQAC and a summary report was prepared.

3. RESPONSE SUMMARY:

3.1. No of received response were as follows:

(Table-1)

Batches	Total	Response from Non-Lab Based Subjects/Courses:	TOTAL NO. OF RESPONSES:
B.A. Programme	48	705	
Bengali	123		
English	108		
Sanskrit	90		
History	68		
Philosophy	54		
Political Science	117

Geography	65		440
Physics	45		
Chemistry	27		
Mathematics	69		
Zoology	72		
Botany	38		
Physiology	36		
B.Sc. Programme	88		

4. ANALYSIS:

4.1. As the feedback was sought in a 5-point scale, responses were categorized into 3 categories as follows:

Unsatisfied – Point 1 and 2 in a 5-point scale

Neutral – Point 3 in a 5-point scale

Satisfied – Point 4 and 5 in a 5-point scale

4.2. For any question under consideration, the following consensus was followed during analysis:

4.2.1. Percentage of responses for each point of the scale was calculated. Then the percentage of unsatisfied (Combined percentage on point 1 & 2), neutral (percentage on point 3) & satisfied (Combined percentage on point 4 & 5) were calculated.

4.2.2 If $\geq 50\%$ of respondents were found to belong to either of the three categories as mentioned in section 4.1., that category was considered as the gross opinion regarding that question.

4.2.3. For the questions with gross opinion as satisfied, if the combined percentage on point 4 & 5 were found to be between 50% and 65%, the issues were marked as satisfied with scope for improvement.

4.3. Considering the principle as provided in section 4.1 & 4.2, the number of responses in scale of 1 to 5 are summarized as follows:

(Table-2)

5. OBSERVATION: Therefore, it is evident from the table-4 (section 4.5.) that, students expressed their satisfaction for all the questions.

- It was also observed that the college has scope for improvement for its IT facilities, classroom infrastructures, toilet, drinking water and canteen facility (equal to or less than 65% students showing satisfaction). We have also noted scope for improvement in terms of promoting internship, student exchange etc.
- Students were also asked to suggest the areas in which they want the institution to improve. The major areas raised by them were to ensure well managed toilets, better water supply, lower number of faculties in English department, inadequacy of sports equipment etc.

6. Concluding remark:

It is noteworthy to mention that the number of respondents of feedback in 2022-2023 has increased from previous years. Thus the feedback from 1145 respondents can be considered as a comprehensive account of students' satisfaction survey on which the institution can work on its potential areas of improvement.

7. Acknowledgment:

The active engagement of the IQAC members regarding the preparation of questionnaire, collection and analysis of the feedback is highly appreciated.

HOSTEL BOARDERS' (BOYS' & GIRLS') FEEDBACK: 2022-2023

Report of the Coordinator

1. INTRODUCTION

For the 2022–2023 academic year, the ABN Seal College's Internal Quality Assurance Cell (IQAC) has collected online feedback from hostel boarders.

2. MECHANISM

The feedbacks were taken using the platform of Google Forms in a complete online mode and the following procedure was followed.

2.1. Google forms were created using the dedicated e-mail id of IQAC (feedback.abnsc@gmail.com) for feedbacks. Separate forms were created for Boys' and Girls' Hostel.

2.2. Forms were conveyed to the students.

2.3. It was ensured that no student fills the form more than once. Most importantly, *responses were collected in an anonymous manner* so that the identity of the responding student is not disclosed.

2.4. After feedbacks were collected, it was analyzed by the IQAC and a summary report was prepared.

3. Observation & Analysis:

How much satisfied are you with the overall environment of the hostel for study?	0	0	3.1	46.9	50

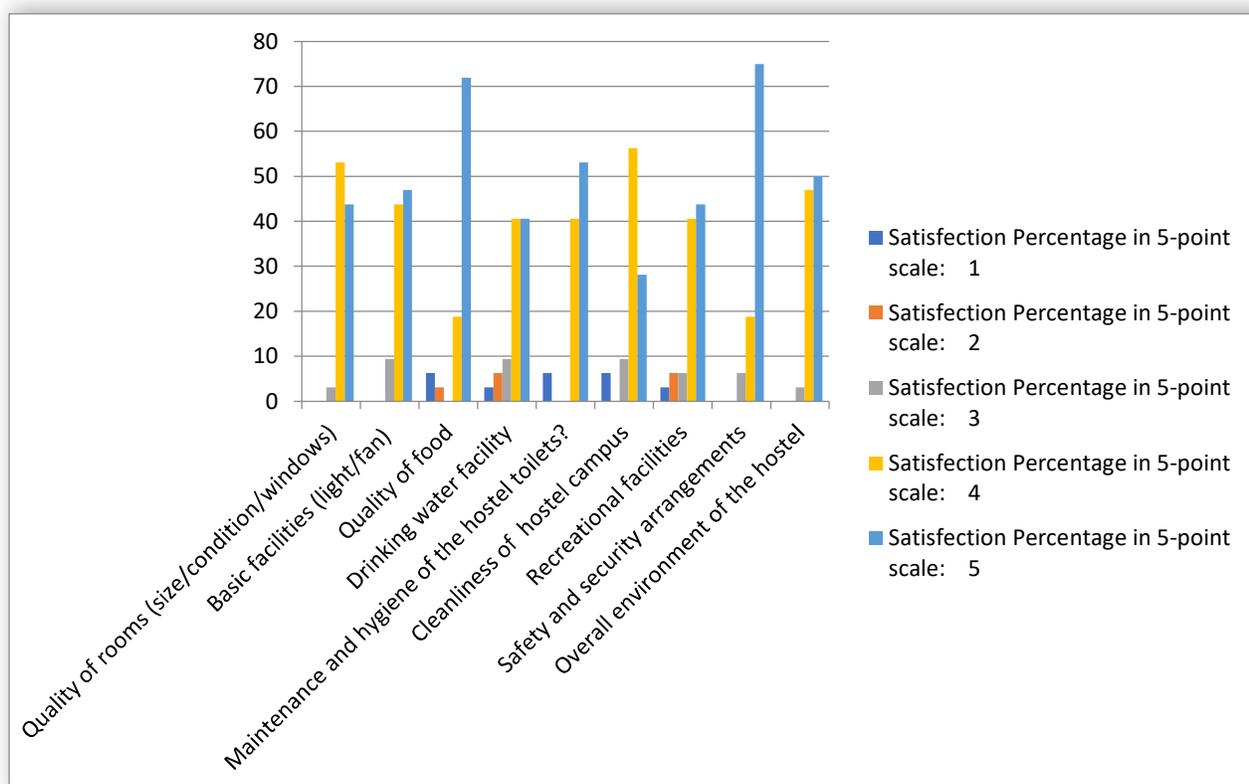

Figure 2: Girls' Hostel Boarders' Feedback 2022-2023

It is evident from the analysis that, both boys' and girls' hostel boarders are overall satisfied regarding all the aspects as per questionnaire. Yet there are scopes for improvement regarding a few points in order to ensure best facilities to hostel boarders, like providing more options of recreational facilities in both the hostels, improvement of drinking water facility in girls' hostel etc.

A Report on the analysis made upon the Feedback received from the students on syllabus and curriculum for the Academic Session 2022-2023:

The Academic session 2022-2023 witnessed a purely offline teaching –learning methodology, since the period regained its normalcy after the termination of almost two long years of COVID 19 Pandemic.

The students studying in this institution became a part of this offline experience of teaching-learning and articulated their positive response as they not only got to have a direct inception of knowledge as they were used to, in the past school days, but got the opportunity to come to class uninterruptedly and experience an undeviating interaction with their teachers and fellow class mates, since they entered into this college(the year of the admission to the college was 2020). This helped them a lot as they were craving for this form of a continuous academic session from long. The above study of feedback serves as an eye opener as the institute and its departments gets a vivid picture to understand the areas which can be taken to further improvement, thereby reaching to the student community in a more contemplated manner.

Incorporating students' opinion about teaching –learning provides an affirmative vive for teachers to understand the students' mode of behavior, their wants, aspirations, difficulties and confronts. The teachers can well use these standards in bringing about modifications in their way of executions. Acharya Brojendra Nath Seal College and its academic wings being an eminent one, of the North Eastern region of India, will look upon the feedback gathered from students end, on syllabi and curricula, with a considerable outlook, so that they can reflect on their learning strategies and outcomes and make effective and relevant communication to the affiliating University on making strategically applicable changes whenever and wherever needed , allowing better progress of students at every stages of their growth.

A few points as pointed out by the students in their feedback needs specialmention. These included their demands for more avenues of project works, paper presentations and inclusion of topics at par with Central Universities, so that students can compete with the outer world with more competencies. Students preferred for a syllabi which is connected to real life and is more application based. In this regard they wanted studies being supported by more field based survey works. This will boost up their problem solving spirit with an emphasis on team effort.

Moreover the students of PG courses expressed their concern about inclusion of more vocation oriented papers, more analytical study of the topics of study, so as to optimize chances of getting jobs after completion of the Masters degree.

Inclusions of more interactive sessions, practical classes, weekly doubt clearing sessions, are desired by a part of students.

However students expressed their utmost satisfaction for conduct of college tests which offers the students to get a chance in brushing up their overall syllabus, before sitting for the final semester. Since in this academic session, there have been a considerable number of students who come from English medium backgrounds, so a little more attention towards these students such as circulation of more number of materials in English, are aspired for.

Teachers of the institution who are already sensitive and careful about their students, must continue with this trend, so that the stipulated portion of syllabus can be completed at least one month before the commencement of the final semester examination.

The above points will surely be communicated to the authority for its due concern and fruitful deliberation in the time to come.
