SURVEILLANCE AUDIT REPORT

Area of Improvement	No such observation/improvement points observed in this session.		
Non Conformities	Type	No.	Description
	Major	0	
	Minor	0	

This report details the outcome of our surveillance audit of your Quality management system to determine the degree of compliance with your own Quality system documentation and the requirements of the ISO 9001:2015 standard. The surveillance audit was conducted in accordance with AQC' standard operating procedures.

The reporting format follows the selected Quality management system standard, clause by clause, and findings are reported as appropriate. Activities that are not in compliance with your own documentation or the ISO standard are reported on our Non-Conformance Reports (NCR'S) or Opportunity For Improvement (OFI) or Observation.

A NON-CONFORMANCE REPORT is a non-compliance of a serious nature, one that may have a significant impact on the quality of the services provided by your company, and/ or relate to multiple non-complying activities. NCR's must be responded to, corrected and formally closed-out before surveillance and registration can proceed. Many Non Conformance Reports can be closed-out by our review of revised documentation and therefore, you should submit copies of such documentation with your response. If follow-up visits are required for close-out purposes, then we will contact you to arrange a mutually convenient time.

OPPORTUNITY FOR IMPROVEMENT forms address areas which are not considered to have a serious impact on the quality of the services provided by your company and normally relate to isolated non-complying activities. They may also point out areas where initiative can be taken to improve sections of your Quality system. It is not mandatory to respond to OFI's. However, they are taken into consideration at the next surveillance visit, since an opportunity for improvement may be preventative measure or part of the continuous improvements process.

Please respond to this report by completing the Non-Conformance Reports (NCR's) and, if necessary, Opportunity For Improvement forms (OFI'S) attached, within the time period agreed at the audit closing meeting.

Your signature is required against both "Company Representative" spaces on the form, and please fills in details of your intended corrective action and the date you anticipate completing the corrective action. If you have a problem meeting the required response times, then please contact us to re-evaluate proposed action and time-scale.

If you have any queries, please contact **Assurance Quality Certification LLC**

can proceed. Many Non Conformance Reports can be closed-out by our review of revised documentation and therefore, you should submit copies of such documentation with your response. If follow-up visits are required for close-out purposes, then we will contact you to arrange a mutually convenient time.

OPPORTUNITY FOR IMPROVEMENT forms address areas which are not considered to have a serious impact on the quality of the services provided by your company and normally relate to isolated non-complying activities. They may also point out areas where initiative can be taken to improve sections of your Environmental system. It is not mandatory to respond to OFI's. However, they are taken into consideration at the next surveillance visit, since an opportunity for improvement may be preventative measure or part of the continuous improvements process.

Please respond to this report by completing the Non-Conformance Reports (NCR's) and, if necessary, Opportunity For Improvement forms (OFI'S) attached, within the time period agreed at the audit closing meeting.

Your signature is required against both "Company Representative" spaces on the form, and please fills in details of your intended corrective action and the date you anticipate completing the corrective action. If you have a problem meeting the required response times, then please contact us to re-evaluate proposed action and time-scale.

If you have any queries, please contact **Assurance Quality Certification LLC**

Client Disclosure

"We confirm the following information and opinions were given to you in connection with your examination of the Management System. We acknowledge as top management our responsibility for the Management System, results and audit report, which you have prepared for the organization. All the records have been made available to you for the purpose of your audit and all the transactions undertaken by the organization have been property reflected and recorded in the Management System. All other records and related information have been made available to you.

We also confirm there are no material contingents, major customer Dis-satisfaction issues or potential liabilities under claims or pending or threatening litigation. Disclosure has been made in the audit report for all matters necessary for the audit report to show a true and fair view of the organization's Management System state of affairs and results".

SURVEILLANCE AUDIT REPORT

SUMMARY OF SURVEILLANCE AUDIT FINDINGS:

1. Audit conducted based on random sampling. Found observed their course delivery process going on as per standard work process as specified by University and UGC Accredited norms.
2. Respective Green projects found reviewed.
3. Communication and display process maintained.
4. World's Energy day and others celebration done
5. Energy Efficient use of resources project review found maintain
6. Secondary energy project utilized
7. Auditee/Management commitment towards energy improvement found observed

Area of Improvement	No such observation/improvement points observed in this session.		
Non Conformities	Type	No.	Description
	Major	0	
	Minor	0	

This report details the outcome of our surveillance audit of your Energy al management system to determine the degree of compliance with your own Energy al system documentation and the requirements of the ISO 14001:2015 standard. The surveillance audit was conducted in accordance with AQC' standard operating procedures.

The reporting format follows the selected Energy al management system standard, clause by clause, and findings are reported as appropriate. Activities that are not in compliance with your own documentation or the ISO standard are reported on our Non-Conformance Reports (NCR'S) or Opportunity For Improvement (OFI) or Observation.

A NON-CONFORMANCE REPORT is a non-compliance of a serious nature, one that may have a significant impact on the quality of the services provided by your company, and/ or relate to multiple non-complying activities. NCR's must be responded to, corrected and formally closed-out before surveillance and registration can proceed. Many Non Conformance Reports can be closed-out by our review of revised documentation and therefore, you should submit copies of such documentation with your response. If follow-up visits are required for close-out purposes, then we will contact you to arrange a mutually convenient time.

Assurance Quality Certification LLC

Website: www.aqcworld.com Email: info@aqcworld.com

SURVEILLANCE AUDIT REPORT

OPPORTUNITY FOR IMPROVEMENT forms address areas which are not considered to have a serious impact on the quality of the services provided by your company and normally relate to isolated non-complying activities. They may also point out areas where initiative can be taken to improve sections of your Energy al system. It is not mandatory to respond to OFI's. However, they are taken into consideration at the next surveillance visit, since an opportunity for improvement may be preventative measure or part of the continuous improvements process.

Please respond to this report by completing the Non-Conformance Reports (NCR's) and, if necessary, Opportunity For Improvement forms (OFI'S) attached, within the time period agreed at the audit closing meeting.

Your signature is required against both "Company Representative" spaces on the form, and please fills in details of your intended corrective action and the date you anticipate completing the corrective action. If you have a problem meeting the required response times, then please contact us to re-evaluate proposed action and time-scale.

If you have any queries, please contact **Assurance Quality Certification LLC**

SURVEILLANCE AUDIT REPORT

AUDIT FINDINGS:

Clause Number	C/NC/O	Document Verification detail with statement of Conformity
4 Context of the organization		
4.1 Understanding the organization and its context (External and Internal Issues)	C	Identified and included in Manual. (Doc. Ref. No. ENMS/L1)
4.2 Understanding the needs and expectations of interested parties (Need & Expectation of Interested parties)	C	Identified and included in Manual. (Doc. Ref. No. ENMS/L1)
4.3 Determining the scope of the energy management system	C	Scope established and included in Manual. (Doc. Ref. No. ENMS/L1)
4.4 Energy management system	C	Process Flow related to Course delivery found established.
5 Leadership		
5.1 Leadership and commitment (Ensure Top Management Commitment)	C	Interviewed with Top Management, Principal. Commitment related to Energy found implemented in documentation as well as in College Campus.
5.2 Energy policy (Documented, communicated, availability and Review)	C	Energy Policy established and found displayed and communicated properly.
5.3 Organization roles, responsibilities and authorities (Assigned and communicated by Top Management)	C	Defined in Manual and in their departmental records.
6 Planning		
6.1 Actions to address risks and opportunities	C	Energy Risk analysis carried out and review also takes place.
6.2 Objectives, energy targets and planning to achieve them (Consistent with Energy Policy, SEU, documented, measurable, communicated and updated)	C	Energy Objectives found established and planned to achieve action through MAP and Green project outcome.
6.3 Energy review (Current type of energy use, past and current consumption, documented and updated)	C	Energy review has done based on Meter reading study and kept as documented information
6.4 Energy performance indicators (Documented and updated)	C	Energy sources captured in their year to year wise Green monitoring report.
6.5 Energy baseline (Documented and review periodically and retention)	C	As there was no such significant energy sources exists. So Energy baseline they have considered their Electricity meter reading and monitoring done against it.

Assurance Quality Certification LLC

SURVEILLANCE AUDIT REPORT

6.6 Planning for collection of energy data (Accuracy and repeatable, documented and retention)	C	Documented and planned
7 Support		
7.1 Resources (Determination of resource required)	C	Found available as to delivery their current process.
7.2 Competence (determine, documented and retain the competence)	C	Competency matrix, training planning and related training records found available. Knowledge delivery related MOU also made with 3 rd party.
7.3 Awareness (Objective, Policy, Non Conformance of EnMS)	C	Done through training and display
7.4 Communication (What, When, With Whom, How & Who)	C	Done through training and display
7.5 Documented information (Creation, Updating, Control, Retention, External Origin, Storage & Preservation)	C	Control of documented information procedure established. Documents mostly available in Soft mode.
8 Operation		
8.1 Operational planning and control (Documented, Plan, Implement, Control the process related to SEU and communication)	C	Operational procedures established supported with work instructions and related records. Respective Green projects also found established and action plan initiated and monitored. Like “Energy efficient use of resources” project taken to improve energy efficiency.
8.2 Design (Documented, Specification, design consideration)	C	Design part not included
8.3 Procurement (Establish & Implement criteria for evaluating energy performance)	C	Procurement process well established. Effectively implemented.
9 Performance evaluation		
9.1.1 General (Monitoring, measurement, analysis and evaluation of energy performance and the EnMS)	C	Performance monitored through Green monitoring report review.
9.1.2 Evaluation of compliance with legal requirements and other requirements	C	ACHARYA BROJENDRA NATH SEAL COLLEGE is affiliated to the Cooch Behar Panchanan Barma University and accredited as A+ by NAAC. The college has been conferred "Centre of Excellence" status by the University Grants Commission
9.2 Internal audit (Frequency and Effectiveness)	C	On year to year wise they monitor their performance through Green Monitoring report. This and Internal Audit plan/records found available

Assurance Quality Certification LLC

Website: www.aqcworld.com Email: info@aqcworld.com

SURVEILLANCE AUDIT REPORT

9.3 Management review (Frequency and input/output)	C	MRM agenda and minutes found available. Overall Green monitoring report maintained on year to year wise.
10 Improvement		
10.1 Nonconformity and corrective action	C	Procedure established and suggestion taking protocol also applicable to improve action plan.
10.2 Continual improvement	C	Objective and monitoring data found available.
11.0 Review of Logo Checked the use of logo of AQC & EGAC, found that the organization is using on publicity material, letter heads, business cards, the certificate is hanged in the office of top management	C	They have displayed their Certificate in Principal Room. There is no LOGO uses required from their side.
12.0 Overall Conclusions/ Recommendations: Recommendation: Surveillance to ISO 50001:2018 is recommended to continue Surveillance Frequency: It is recommended that surveillance frequency to be once in a eleven months	C	Overall conformance found satisfactory. Next Surveillance-2 Audit shall be scheduled within next eleven months.
